#### Staying Healthy

##### ..... 5 Facts .....

- The elephant is the largest of all land animals.
- Elephants eat as much as 500 pounds of food each day - the weight of two average refrigerators!
- Elephants are herbivores, which means they only eat vegetation.
- Elephants live in Africa and India.
- Elephants can swim long distances, but they cannot jump.

##### Find Out!

A full grown elephant can be 10-13 feet tall and weigh up to 15,000 pounds - the same as five average cars! Get a tape measure to see how long 13 feet is. Elephants are really big!

#### ... Run, Jump, and Play! ...

When you are healthy you feel better and get sick less often. When you are healthy your body and brain are at their best and you have more brain and muscle power to enjoy your life!

Get and Stay Healthy. It's easy!

1. Exercise - Running and playing is good for your body and brain
2. Eat healthy - Good food will make your body strong
3. Wash your hands - It will prevent germs from making you sick
4. Laugh - Laughter makes you happy and healthy
5. Get plenty of sleep - Sleep lets your body rest and get ready for a new day
6. Drink water - Water cleans your body from the inside out, and is essential for you to live a healthy life!

#### Do It Together!

Talk to your child about how they feel when they are sick, and how they feel when they are well. What do they eat? Are they active or tired? Do they feel happy, or unhappy? What do they think they need to do to feel better when they are not feeling well?

Bo, Kit, Zak, Piper, Leo, Sofie, Scout and Flora will inspire your child to learn something new every day!
